

### **Breeding and Broodstock Technician - Shaw Point**

Are you crazy about fish and passionate about protecting our beautiful BC coastline? Do you want to be involved in producing sustainable food for the growing global population? If you answered yes!, then we encourage you to apply as you will fit right in with our 600+ Mowi employees who share the same values and interests.

Applicants with aquaculture experience and/or relevant post-secondary education will be given preference as we are a company that embraces constant learning and industry professionalism. The ability to get along with a wide variety of people from different backgrounds and cultures is paramount. We look for employees who are self-motivated, well organized and have a positive attitude. Successful applicants must be physically fit and have a passion for taking care of animals.

#### **Breeding and Broodstock Technician Responsibilities:**

- Broodstock sorting.
- Cleaning, power-washing and sanitizing to ensure a pristine environment for our fish and our employees.
- Accurate reporting, record keeping and document management.
- Conducting water quality checks, environmental and fish health sampling
- Monitoring fish behavior, appearance and health.
- Operating Forklift and other site equipment when authorized and trained.
- Mechanical aptitude is an asset.

Our Breeding and Broodstock Technicians must be available to work a camp shift of 8 days on / 6 days off. These positions are the most common entry point into our company, so only apply if you are ready for a full-time, year-round career on Vancouver Island.

**Closing Date: January 20, 2020**

To be considered for upcoming opportunities with a progressive, growth-oriented company, please submit your resume and cover letter online at:
