

Sea Site Technicians

Are you crazy about fish, love being on the water, comfortable in remote locations, and passionate about protecting our beautiful BC coastline? Do you enjoy spending your spare time outdoors, whether it's fishing, hiking or adventure seeking? Do you want to be involved in producing sustainable food for the growing global population? If you answered yes!, then we encourage you to apply as you will fit right in with our dedicated Mowi employees who share the same values and interests.

Applicants with aquaculture experience and/or relevant post-secondary education will be given preference as we are a company that embraces constant learning and industry professionalism. The ability to get along with a wide variety of people from different backgrounds and cultures is paramount. We look for employees who are self-motivated, well organized and have a positive attitude. Successful applicants must be physically fit, able to work long hours in adverse weather conditions, and have a passion for taking care of animals.

Sea Site Technician Responsibilities:

- Feeding and all other care required for our fish
- Cleaning, power-washing and sanitizing to ensure a pristine environment for our fish and our employees
- Accurate reporting, record keeping and document management
- Conducting environmental sampling and plankton monitoring using specialized technology and equipment
- Assisting with fish health sampling and weight sampling
- Monitoring fish behavior, appearance and health
- Operating forklift and other site equipment when authorized and trained

This is a camp-based position, 8 days on and 6 days off.

Please note, these opportunities are being offered as temporary, full-time positions at this time. To be considered for this and other upcoming opportunities with our progressive, growth-oriented company, please submit your resume and cover letter online at:
